MINUTES

- **Introductions:** Meeting began at 9:30am with introductions
- **Overdose & Opioids Community Discussion:** Abby Block and Emma Siegel, PharmD Candidates at The Ohio State University
Email: Block.126@osu.edu siegel.191@osu.edu
 - 522 people died of overdose in Franklin County in 2018
 - 92% of overdose deaths are related to opiates – therefore 92% of overdose deaths are preventable with Narcan
 - When there is an opioid in the body, Narcan removes and replaces it
 - If there is not an opioid in the body, Narcan has NO effect
 - Anyone can get and use Narcan!
 - ANY community pharmacy should be able to give you Narcan without a prescription
 - Most insurances cover Narcan without a prescription with little to no co-pay
 - How to use Narcan: <https://www.youtube.com/watch?v=rRV62N99Hlo>
